FIRST CIRCULAR Symposium announcement

Dear colleagues and friends

It is our great pleasure to cordially invite you to the 24th International Symposium on Separation Sciences, which will be held on June 17-20, 2018 in the Hotel Grand Jasná, Slovakia.

Previous events in this conference series were held in 2017 in Vienna (Austria), 2016 in Torun (Poland), in 2015 in Ljubljana (Slovenia) and in 2014 in Prague (Czech Republic). With the event in 2018, we wish to offer again a stage for the presentation and discussion of exciting new research developments, important applications and for showcasing the most up-to-date examples of analytical instrumentation and supplies as well as analytical services in the associated company exhibition.

The intermediate size of this conference was traditionally also opportunity for the participation of a large number of younger scientists. We want to create a spirit of intensive discussions and rewarding personal encounters.

The particular atmosphere of the nice nature of Low Tatras mountains and valley Demänovská dolina – Jasná where the conference venue is located will add its part to make this conference an unforgettable event and contribution to our mind and body wellbeing.

Together with the members of the Scientific Committee and Organizing Committee of this conference, we look forward to seeing you in a nice and picturesque nature of Demänovská dolina, Jasná – Low Tatras!

Milan Hutta and Dušan Berek

Chairman and co-chairman of the 24th International Symposium on Separation Sciences (ISSS 2018)

Conference Topics

- ✓ Fundamental aspects of separation science
- ✓ Advances in separation techniques
- ✓ Novel instrumentation in separation science
- ✓ Multidimensional analytical methods
- ✓ Sample preparation techniques
- ✓ Drug analysis and Bioanalysis
- ✓ Forensic analysis
- ✓ Environmental and industrial application
- ✓ Analytical chemistry methods and human health
- ✓ Food and consumer product safety
- ✓ Chemometry and data processing

Date and Venue

The conference will be held on June 17-20, 2018 in the conference center of Hotel Grand Jasná, Slovakia.

The participants will receive special discounted room rates at official conference hotel. Participants are advised to reserve accommodation by May 15, 2018 using promo code received at the registration.

Company Exhibition

Companies are invited to participate in the exhibition for presentation of their products and services to the delegates. Exhibitors at the ISSS 2018 conference will have the opportunity to meet a select number of key scientists and customers in the field of novel instrumentation for chromatography and electrophoresis, as well as sample preparation and mass spectrometry. The companies' exhibition will be an essential part of the conference located in the central conference area where coffee breaks and poster sessions will be held.
